

**Here's Some Real Good News for YOU!**  
*How You Can Begin Walking in the LIGHT*

What I'm about to say isn't religious and the only way you can absorb the truth of it and have it empower you is to, right this moment, NOW, make a commitment to refuse to put a word that will be in the next sentence into the context of any of your preconceived ideas about what it means, because I guarantee that how I'm using the word is not how you are currently thinking what the word means ...**NO MATTER WHAT THAT IS!**

Okay, we're smack dab into the "next sentence" and the referenced word is ...are you ready? **GOD** ...or any of the words with which anyone supplants this word used in a religious, non-religious or even anti-religious sense will NOT make do either.

When I just asked: "Are you ready?" ...I was referring back to what I said about making a *commitment* to not put it in a religious context so that you can absorb some truth that will **empower** you.

The way I am using the word "religious" means anything we've learned or absorbed from religious or anti-religious teachings and cultures from someone other than ourselves, the truth is, **I DON'T KNOW SQUAT!** If that is true, then how can you learn anything from me? That's the point; you cannot learn anything from "me," what I share is my own experience from walking in the **LIGHT** with an **Integrated Mind** ...the conscious part of which is unable to absorb or articulate anything and which is the reason for my saying "**I DON'T KNOW SQUAT!**"

I'm about to transcribe something that is not from me, nor is it from anyone else you've ever met either. It is from a group of ten fellows who are all very much alive in the mind of this body-bag I occupy and of which I have images firmly planted in my mind; BUT you need to proceed with the understanding that these images, displayed below, I lifted from Google *images* on the Internet.

**Baba**

**Jay**

**Lahti**

**Moe**

**Mose**

**Moo**

**Yogi**

**Jere**

**Sid**

**Zoe**

The entire group of twelve, which include "me" (consciously) and the leader of all parts of the subconscious and unconscious mind of this body I occupy and which we refer to as "MEGA-me" (to signify how much more powerful are the collective parts of the subconscious and unconscious than the cognitive -reasoning

and thinking– part of “me,” use the nicknames as inscribed under their pictures above).

What’s all this got to do with walking in the **LIGHT**? In a religious sense, almost every one of the major religious persuasions talk about the Divine Light ...and refer to the Deity or Supreme Being as *being* “The Light.”

Each of the images depicted above, with the lone exception of Moe, are of when they were in their human body-bag “incarnations” and either credited or blamed (depending upon your point of view) with starting the following religions: In the same order as the images: Baba – The Baha’i; Jay – Christianity; Lahti – Taoism; Mose – Judaism; Moo – Islam; Yogi – Self Realization Fellowship; Jere – Various Ascended Master Religions; Sid – Buddhism; Zoe – Zoroastrianism.

Each of them, then and now, claim to be totally and completely submitted to the ONE to whom we all refer as our SPIRIT-PARENT. In the dimension in which we exist together, NOW, this is the **LIGHT** in which we walk, both collectively and individually. This is our **LIGHT** ...we are urging you to realize that you must walk in the **LIGHT** of that which you receive by direct revelation to and in YOU from the **LIGHT**.

What is even more important, in my mind, is that each disavow the religions with which they are historically associated.

The following e-mail from a sojourner in the **LIGHT** who received a vital lesson from which we can all receive wisdom, albeit filtered through the clutter of our minds ...particularly the part of our minds that makes judgments and draws conclusions ...the conscious part.

**[Verbatim quote from the e-mail]** This morning when I was working with the light, I noticed that it was particularly dim. I tried to increase my circle of light but was limited or unable to create the brightness normally achieved. This of course was due to the fact I was separated from the Source of the light. The light was dim because it only was a “self” manifested light, not accessing the Source of light. Very dim my friend, almost nothing, less than a 20 watt bulb.

I cried out for MORE SPIRIT and was denied and chastised for being weak and unworthy. I pounded on my chest calling for forgiveness, only to receive more silence and darkness. Then I knew I was being interfered with because Source always answers with love. The battle ensued, I had to use the blood to begin to break down the blanket of darkness. It’s been a long time since I had to use that power and authority. I called for assistance from my angels and my team, they were already hard a work tearing the darkness apart.

One weird side note, Jesus didn’t use the blood. I asked why? He said it was given to our 3<sup>rd</sup> dimension and not his, it’s not available in his dimension...only to ours.

Battle done...WTF. I didn’t do anything to piss off darkness or interfere where I had no authority! WTF!

I met with the team and it was explained to me; that darkness for the sake of darkness, has its own purpose. Light workers are in direct opposition to the objectives of darkness. And God said; let there be light. What was before that? Darkness and only darkness. At some levels, let’s say

dimension 1, light and darkness are required for contrast...not much light but enough for a difference in gradation. At dimension 2, more light is required but darkness dominates still. Dimension 3 well there is plenty of light but still way more darkness. And so on up the scale. A good example would be the difference between Jesus and Orion; Jesus has physical 4<sup>th</sup> dimension form but Orion only appears as light with some shape. The angels appear as opaque forms but definitely less “solid” than Jesus...perhaps 5<sup>th</sup> dimension???? I dunno and didn't ask.

The visitor I had this morning was from dimension 0. No light at all, and not wanting any light. In our vast 3<sup>rd</sup> dimension universe we are a tiny spec on the map. As we produce/work with light more and more, it increases our tiny spec's notoriety. Will we see more visits? Keep your ears and eyes open. **[End quote]**

The following is another e-mail just in from yet another sojourner in the **LIGHT** ...with the same caveat that preceded the former, that is: “who received a vital lesson from which we can all receive wisdom, albeit filtered through the clutter of our minds ...particularly the part that makes judgment and draws conclusions ...the conscious part.”

**[Verbatim quote from the e-mail]** Being spirits, you and I must advance in the knowledge of the INFINITE, and it is for this end that you and I are made to pass through THE TRIALS OF DARK INFLUENCE in order to attain to THE FULLNESS OF GOODNESS.

The mission of our heavenly family (the en-Christed) is to lead us down the righteous kingdom path from moment to moment, beloved. When we are acted upon by dark influences, it is because WE HAVE ATTRACTED LOWLY SPIRITS to ourselves by way of our LOWLY DESIRES, for dark and evil and even mischievous spirits WILL ALWAYS come to aid us in doing the evil that we desire to do, but they can only help us to do this when we give way to darkness in our hearts.

In other words, if we are someone who is inclined to worry or to fear or to negativity or to anger or lust, we will have about us SWARMS OF SPIRITS who will keep these inclinations alive in us, but we will also have OTHERS ABOUT US (the en-Christed in the spirit world) who will try to influence us FOR GOOD. This, in some way, restores BALANCE to the influence and leaves us to make a decision. It is in this way that God leaves to our conscience the choice or the road that we decide to follow, and gives us THE LIBERTY of yielding to one or other of the opposing influences that act upon us.

Can we free ourselves from the influence of the spirits who incite us to wrong thinking or wrong doing? YES, WE CAN, for dark spirits only attach themselves to those who ATTRACT THEM them by the nature of dark thoughts and desires. When we renounce the temptations of dark spirits and they see that they cannot accomplish their aim, they will give up the attempt (“resist the devil and he will flee from you”). This does not mean that these spirits will not continue to WATCH for a favorable moment to influence us again though. Remember this. **[End quote]**

We, the group of twelve, all fully submitted to our SPIRIT-PARENT are now going to offer a suggestion as to how YOU can begin walking in the **LIGHT** of your

own direct revelation of **LIGHT** from the SOURCE (by whatever other title or name). Take no other person's, no matter how revered as a teacher of truth, word as definitive, rely only on your own direct revelation of the **LIGHT**, from the **LIGHT**. Now walk in it and BE the **LIGHT** of the world!
